

Applying Professional Scrum™ (APS)

Duration: 2 Days

Course Description:

Applying Professional Scrum is the workshop for anyone who wanted to learn more about Scrum as described in Scrum Guide through Hands-on exercises. Applying Professional Scrum (APS) provides the foundational knowledge needed to work with Scrum efficiently. The course is a combination of teaching and team-based exercises.

Students work in Scrum Teams over a series of Sprints to learn Scrum while doing Scrum. They experience first-hand how the Scrum framework improves their ability to deliver business value compared to traditional methods. The course also includes a free attempt at the globally recognized Professional Scrum Master I certification exam (PSM I).

Course Objectives:

- Learn about Agility and how Scrum differs from traditional plan-driven work models
- Learn (or relearn) the fundamentals of Scrum and how to apply them correctly
- Develop an understanding of what it is like to use Scrum and if it is right for your team
- Learn how to be a great Scrum Team member
- Leave the class with ways to identify common pitfalls and how to avoid them

Intended Audience:

The Applying Professional Scrum (APS) course is the perfect introduction, reboot, or refresher to Scrum. This course is for teams or anyone wanting to experience the Scrum way of working. APS provides the knowledge needed for anyone interested in taking role-focused training.

Course Outlines:

- Agile and Scrum Framework
- Empirical Process Control
- Scrum Elements
- Roles within Scrum
- Scrum Artifacts
- Scrum Events
