

# CQI and IRCA Certified ISO 45001:2018 Lead Auditor

**Duration:** 5 Days

**Prerequisites:**

No requirements needed.

**Course Description:**

Our OH&S Management Systems Auditor/Lead Auditor Training Course teaches the fundamental auditing principles and practices, in conformance with national and international accepted norms and regulations relating to OH&S requirements.

By attending this course, delegates will also gain the necessary auditing skills through activity-based learning, and practical auditing experience with coaching, group workshops and open forum discussions. Experienced BSI tutors will guide delegates through the entire audit process; from initiation to conducting audit follow-up.

Successful completion of this CQI and IRCA certified training course, by passing the relevant CQI and IRCA examination and skills assessment, will demonstrate knowledge and basic skills to undertake and lead a management systems audit.

**Target Audience:**

Anyone with the need to audit an organization's OH&S management system.

Delegates are expected to have the following prior knowledge:

**Management systems**

The Plan, Do, Check, Act (PDCA) cycle

The core elements of a management system and the interrelationship between top management responsibility, policy, objectives, planning, implementation, measurement, review and continual improvement.

**Occupational health and safety management**

- The concepts of managing occupational health and safety through hazard identification, risk assessment and risk control and compliance with legal requirements and other requirements.
- The relationship between occupational health and safety management and the provision of safe and healthy workplaces, the prevention of work-related injury and ill health, and the proactive improvement of health and safety performance.
- Common examples of relevant national and local OH&S legislation and requirements

**ISO 45001**

- Knowledge of the requirements of ISO 45001 and the commonly used occupational health and safety management terms and definitions, as given in ISO 45001, which may be gained by completing our ISO 45001 Requirements training course, or the equivalent.

**Course Outlines:**

- Identify the aims and benefits of an ISO 45001 audit
- Interpret ISO 45001 requirements for audit application
- Plan, conduct and follow-up auditing activities that add real value
- Grasp the application of risk-based thinking, leadership and process management
- Access the latest auditor techniques and identify appropriate use
- Build stakeholder confidence by leading audit activities in line with the latest requirements
