

Environmental Management Systems (EMS) Implementing (ISO 14001:2015)

Duration: 2 Days

Prerequisites:

No prerequisites needed.

Course Description:

ISO 14001 helps organizations implement a flexible and robust environmental management system (EMS), making them more resilient and sustainable. Organizations around the world invest in training their people with BSI so they have the skills and the knowledge to deliver the benefits of implementing ISO 14001.

If you've already got a thorough understanding of ISO 14001 and need to implement the standard in your organization, then this course is for you.

Most delegates on this course have already attended our ISO 14001:2015 Requirements course and are ready to develop the vital knowledge and skills to implement an effective EMS.

The two-day course is structured to optimize your learning using our accelerated approach, which blends practical

Target Audience:

This course is for you if:

- You already have a thorough knowledge of ISO 14001 Environmental Management
- You're leading an implementation of ISO 14001
- You're part of a team involved in planning the implementation of ISO 14001
- You need to conduct a gap assessment of your current system

Course Outlines:

- Gain the confidence to satisfy the requirements of ISO 14001
- Able to ensure ISO 14001 adds value to your organization
