IIBA® AAC®

Duration: TBA

Course Objectives:

- AAC Exam Preparation Process
- In-depth understanding of Agile business analysis practices that are outlined in the Agile Extension to BABoK v2.0
- Gain competence in the Agile mindset, Methodologies, Frameworks and the three Agile Horizons (Strategy, Initiative, and Delivery Horizons)
- Understand roles and responsibilities of an Agile BA practitioner and how to apply 20+ Agile analysis techniques
- Practice AAC scenario based questions
- AAC exam application process
- Tips to ace the exam in the first attempt

Intended Audience:

The AAC certification training is suitable for individuals who work as BA professionals in agile environments, Agile practitioners with 2-5 years of experience and those who are keen to augment their business analysis skill set and expertise and stay up-to-date on best practices and industry trends.
